It's important to have a will. If you don't have a will and you die:

- A judge could be the one to decide who will raise your children.
- The courts will distribute your money and your belongings.
- A larger percentage of your money will go to paying taxes.

Did you know that 57% of adult Americans, as well as three out of four parents, don't have a will?^{4,5}

Do you ever plan to ...

- Write or revise your will?
- Purchase a new home?
- Purchase a new or used car?

Legal risk is everywhere ... According to a study done for the American Bar Association, nearly 70% of U.S. households had an issue during a typical year that might have led them to hire a lawyer⁶

And hiring a lawyer can be expensive ... A recent survey found that U.S. attorneys charge an average of \$240 per hour⁷.

What are the chances of your needing legal protection in the near future? Ask yourself the following questions.

Have you ever ...

- Purchased a defective product?
- Paid a bill you thought was unfair?
- Signed a legally binding document?
- Worried about an IRS audit?
- Received an unjustified traffic ticket?
- Been a defendant in a civil lawsuit?

If you're like most people, chances are you answered "yes" to one or more of these questions. Make each dollar count and protect your rights. Enroll in the **Primerica Legal Protection Program** today for peace of mind, security and legal empowerment.

One of the most important benefits of membership in the Primerica Legal Protection program is the opportunity to draw up your will. Membership in the **Primerica Legal Protection Program (PLPP)** gives you access to professional legal experts at top quality law firms for as little as \$25 per month.⁸
